THE BUGS FAMILY DESIGN PATRICIA URQUIOLA

Mutina entra nel mondo dell'arredamento e, a completare la collezione Déchirer, presenta una famiglia di tavoli in limited edition: the Bugs Family firmati Patricia Urquiola. Quattro diverse tipologie e formati si animano dando vita ad una collezione ispirata al meraviglioso mondo degli insetti. La modularità degli elementi permette giochi, abbinamenti e composizioni astratte che unendosi danno vita a forme organiche e inusuali. The Bugs Family è composta da un tavolo di grande formato, King bug, che arriva ad ospitare un massimo di nove persone, mentre i tavolini da living Lady bug, Baby bug e Long bug hanno dimensioni e altezza ridotte ma, grazie alla versatilità dei formati e della texture decor della collezione Déchirer, si prestano per composizioni molto articolate.

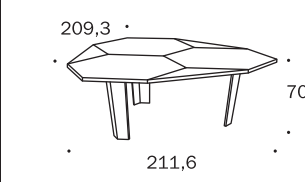

Mutina venture into the furnishing field and enriches the Déchirer collection presenting a range of tables in limited edition: the Bugs Family by Patricia Urquiola. Four different versions and sizes come to life through a collection inspired by the amazing world of insects. The modularity of the elements enables plays, couplings and abstract compositions which combine to create unusual and organic shapes. The BUGS FAMILY is composed by a big sized table, King Bug which can host a maximum of 9 people, and by the living tables, Lady Bug, Baby Bug and Long Bug with different sizes and reduced heights. The flexibility of the shapes and of the décor texture of the Déchirer Collection enables very articulated compositions.
